Theme:

**English Language Education
Through Satellite**

15 — 17 November 2006

Regional Institute of English, South India
Jnanabharathi Campus, Bangalore - 560 056

The Regional Institute of English, South India, Bangalore proposes to conduct an **All India Seminar** on **15 — 17 November 2006**. The theme of the Seminar is “**English Language Education through Satellite**”. This theme will have three sub-themes, namely, **Learners from Satellite, Satellite Based Instruction, and Future of Edusat**. There will be 12 seminar papers which will be discussed by Discussants (one for each paper) and Debaters (4 for each paper)

Teachers and learners of English, researchers and other who are interested in English language education are requested to send abstracts of paper to be presented, so as to reach the Institute by 31 July. Acceptance of the abstracts will be intimated by the first week of August. Complete papers should reach us by the end of August so that it will be possible for us to send the papers to all the participants much in advance.
